GREEN IS BETTER

Caterlink and Williams were recently involved in the set up of the first ‘green is better’ store in Australia.

This fast growing global franchise concept is rapidly expanding with many new stores about to open.

Green is better restaurants offer a new fast food concept, with balanced tailored and inexpensive salads, real complete and balanced meals, served in Green spaces or take away. This innovative and unifying concept relies on strong societal trends adopt healthier eating habits.

Green is better is the representation of urban spirit “healthy eating”.

Caterlink is a part of the Chrystal Group of companies. The Chrystal Group has excitingly recently announced the establishment of their new venture in the hospitality industry, Comkit Online a dedicated web based business supplying innovative commercial kitchen solutions.

Williams Refrigeration’s latest range of products are now available through the website.

Comkit Online offer innovative commercial kitchen solutions and deliver expertise to every unique customer. Our diverse range of products from upright refrigerators to sandwich counters make us the perfect partner for this one stop refrigeration shop.
