ABOUT THE PROJECT

Custom refrigeration for a unique, beachfront venue

Originally opened in 1887 the former Beach Palace Hotel recently reopened by the *Merival Group* as the *Coogee Pavilion* overlooking one of Australia's most iconic beaches.

The *Coogee Pavilion*, is a vibrant lifestyle destination in the heart of the Eastern Suburbs. The ground floor offers a fantastic variety of lifestyle and casual dining experiences and is the ideal location for get-togethers, weekend breakfasts, coffee dates, light snacks and catching up with friends.

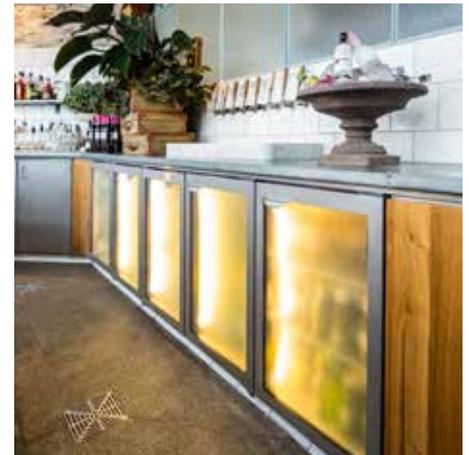

The multi-level beachfront heritage building offers an extensive coastal menu, alongside wood-fired pizza, cocktails, organic juice and freshly ground coffee. The nostalgic games

arena—complete with petanque, giant magnetic scrabble, ping pong and an in-house theatrette—ensures fun for all ages.

The ground floor offers a variety of casual dining experiences with two bars, kitchens and a lounge area with DJ and open windows to the beach.

The Rooftop features four indoor and outdoor bars, a balcony with sweeping views of the Coogee shoreline with two fully retractable walls.

*DESIGNED AS IF
IT WAS ONCE THE
CONSERVATORY
OF AN ECCENTRIC
BOTANIST*

Designed as if it was once the conservatory of an eccentric botanist, the *Coogee Pavilion* rooftop has been brought to life by a design team including *Kelvin Ho* and *Emilie Delalande* of *Akin Creative*, *Amanda Talbot*, *Justin* and *Bettina Hemmes*. From overflowing lush greenery to mismatched Moroccan tiles, each

bar possesses an entirely different aesthetic. Beautiful chairs covered in sketches of exotic birds and tables painted by local artist *Mayriel Luke* complete the stunning interiors.

Williams Refrigeration supplied a multitude of custom refrigeration units in a variety of colours and

finishes including copper and bronze. Special traditional handles and frosted glass were also required. The equipment was specified by *Cini Little Australia* and installed by *Austmont Catering Equipment*.
