Signature Series

The Signature Series represents the pinnacle of our custom refrigerated display lineup. This series offers the unique advantage of tailoring the panels to precisely match your preferred Pantone or RAL colors and with our cutting-edge metalworking techniques. With Signature Series, you have the power to set your brand apart in any setting, making an unmistakable impact. Transform your concepts into tangible creations with the Signature Series, where innovation meets your vision

Superior Series

Superior Series stands as a reflection to the art of custom refrigerated displays. With our state-of-the-art capabilities, we can create a diverse range of exterior shapes, including round, arc, movable components, frameless displays, and gracefully curved heated glass. Furthermore, our flexibility extends to material selection, allowing you to tailor the equipment to your specific needs and preferences. Experience a new level of customization with the Superior Series and elevate the product presentation.

Front of House

Front-of-House, our standard refrigerated display showcase series, embodies the pinnacle of quality, perfection and reliability. Williams Refrigeration, renowned as one of the global leaders in commercial refrigeration manufacturing, continuously innovates in close collaboration with users, engineers, and designers to offer reliable, high-quality refrigeration solutions. Our versatility shines as we tailor solutions to suit diverse applications, accommodating specific temperature needs, material preferences, colors, orientations, and space constraints. When it comes to refrigeration, Williams is your trusted partner, regardless of your application.
